Subject: Make and Keep Rainbarrel Workshop - 2 sessions \$15/person

Dear Neighbors – I've just received information on two more workshops hosted by the Montgomery County Rainscapes program, both later this month and only \$15 per person. Register promptly if interested while there is still space. The workshops will be held on March 21 (Wednesday) 4-7pm and March 23 (Friday) 10am-1pm. You only attend one workshop. Details are at the following link:

<https://mygreenmontgomery.org/2018/rainscapes-trainings/>

Rainbarrels are a good way to conserve water, reduce water and sewer cost when watering your lawns and reducing/controlling stormwater runoff. I attended this workshop last year. All parts and tools were provided by the staff as well as detailed instructions as we each assembled our Rainbarrel. You will need a car/van to bring it back home.
