

Derwood Station Homeowners Association, No. 2
Candidate Qualification Statement
Board of Directors

Name: Tyler Franklin Beck (July 2, 2021)

Address: 7421 Oskaloosa Drive, Rockville, MD 20855

Have you ever been involved in a Homeowners Association or Community Organization? (Please explain) I have extensive experience in community organizations, specifically as part of the Aspen Hill Civic Association. I was part of the Board of the Association for five years, and served as the Recording Secretary, Vice President and President in different years. I also helped fully redesign the website of the Association, which helped bring it more in line with modern sites.

What background or experience do you have which may qualify you for a Board position (jobs, organizations, occupation, etc.)? Besides my time on the AHCA as described above, I have also been part of the Young Democrats of Maryland for around 6 years (I just aged out of the organization in March when I turned 36). I was the Associate Vice President for Political Affairs and then the Vice President for Membership. I also have experience planning and executing large meetings and events for my job, where I work as a program manager for the National Center for Advancing Translational Sciences, part of the National Institutes of Health.

What are your reasons for seeking nomination to the Board of Directors (goals, ideas)?

I took a good amount of pride in my work on the Board of the AHCA, and felt that I made a difference for my neighbors while I was there. I hope to do the same on the board of the HOA, helping our neighbors with problems they might have and improving the neighborhood for ourselves and our children. I would like to help with the website, as though I know Lazlo has spent a good amount of time on it, I feel it can be improved and become a more useful place for our residents to gain information about the neighborhood.
