Dear Member of Derwood Station HOA No. 2, Inc.

At its monthly meeting on 27 May, the Board received an undated petition bearing your signature requesting that the Board "refrain from approving any plan to remove or drastically alter the shape of any tree that is not dead or dying in the common area between Buena Vista Drive and Mahaska Drive."

The work under discussion is actually the fourth year of a 5-year project that involves all the Association's common areas. This 5-year plan has been the topic of prior mailings to the Association membership, discussions at multiple Annual Meetings, reports in the minutes of monthly Board meetings over several years, and two on-site meetings with Association members earlier this year.

Given your concerns as evidenced by your signature to the petition received, the Board invites you to attend another on-site meeting at 1 p.m. on Saturday, June 13th. At this meeting, members of the Environs Committee will, again, review in detail with attendees the entire 5-year plan and work under discussion for this year, the year four of that plan, in the common area between Buena Vista Drive and Mahaska Drive and listen to suggestions, comments, and concerns of Association members. The meeting will start at the cul-de-sac on Buena Vista Terrace.

Sincerely,

Guisela Deering, Agent for
Derwood Station Homeowners
Association, No. 2
